

BULLITT COUNTY  
PUBLIC SCHOOLS

## BCPS & JCTC Presents

# Technical Opportunity Night

6:00 PM, Thursday, March 28th, Bullitt Central Library.

Bullitt County Public Schools, in cooperation with Jefferson Community and Technical College, is providing several opportunities for students to obtain 20 or more college credit hours towards technical programs that lead to high wage, high demand careers in our region. Utilizing the work ready and dual credit scholarships most of these courses are offered with no tuition or significantly reduced tuition. These credits can be used towards an associates degree or a 4-year bachelors degree.

The following programs will be highlighted at this event along with related industry partners.

- Aviation Maintenance
- Computerized Machining and Manufacturing
- Industrial Maintenance Technology/Robotics
- Jefferson BuILT—Building Trades
- Information Technology

The Bullitt County Area Technology center in partnership with Jefferson (JCTC) boasts the only high school dual credit aviation program in the state of Kentucky.
